

# ■ DIGITAL STICKERS: HOW TO USE

## DOWNLOAD YOUR FAVES:

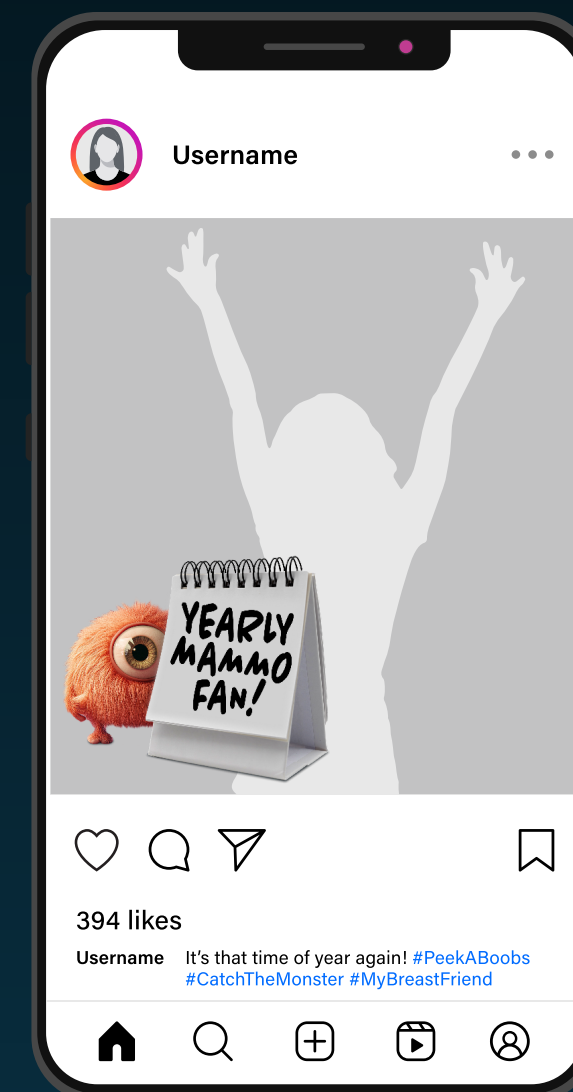

Choose from a collection of Mammo Monster-approved stickers to brighten up your social posts, Stories, or messages.

## STICK 'EM WHERE THEY SHINE:

Add them to Instagram Stories for some cheeky flair. Use them in texts or chats to nudge someone about scheduling a mammogram. Drop them in email signatures for a playful reminder.

## SPREAD THE WORD

Combine your stickers with campaign hashtags like [#PeekABoobs](#), [#CatchTheMonster](#), [#SaveTheTatas](#), and [#MyBreastFriend](#) to keep the conversation going.

## PRO TIP:

Pair the stickers with photos, selfies, or even a calendar reminder to show how you're catching the real monster — breast cancer.
